Development & Peace

Share the journey with those forcibly displaced in Colombia.

In Colombia, over 6.5 million have been forcibly displaced due to conflict, violence, natural disasters, and development projects. With your support, Development and Peace's partner the National Agrarian Coordination (NAC) is working with Indigenous women, many of whom are victims of forced displacement, to help them gain the skills and confidence to be intermediaries with the authorities. By promoting inclusive and participatory democracies, we are addressing one of the root causes of forced migration. Next week is Solidarity Sunday, when the Share Lent collection in support of the work of Development and Peace will take place. Your generosity has a real impact on the lives of our sisters and brothers in the Global south.
