Development & Peace

Share the journey with members of Umuechem community in Nigeria.

In 1990, a peaceful community in the south of Nigeria became the victim of what has been recognized as the first crime committed by an oil company. Traumatized by a massacre of unparalleled violence, a large majority of the members of this community fled to neighbouring communities, never to return home again. To make sure that their story is never forgotten and to combat impunity, Development and Peace's partner Social Action is supporting the Umuechem community in their legal action against the oil company. Discover the story of people forced to flee their homes and ways for each of us to act in solidarity with them devp.org/lent.
